Pass it On is a series of presentations for parents who want to equip their children well for life's journey. Through 15 presentations, the authors, speakers and experts in their respective fields offer their wisdom and experience to encourage and challenge parents as they wrestle with what they should be putting their children's backpacks. Each episode is filled with practical suggestions and helpful insights for moms and dads who want to hand on the faith to their children. These presentations are perfect for individuals to watch and listen to for daily encouragement. They are also great for couples who want to grow in clarity and unity as they embrace their parenting role together.
