## ON THE FAMILY BY POPE FRANCIS

Pope Francis has often expressed his concern for the urgent pastoral needs of families in today's society. Underscoring that deep love and concern for the family, the Pope has spent many months speaking on this subject in his weekly Wednesday audience talks. This book is a collection of all of those talks about the family from 2014 to 2015. The Pope covers a wide variety of important subjects directly related to family life, speaking in his personal style that offers wisdom and practical insights for the modern family. His words are for families in general, and also directed to the important roles of all those specific persons who make up family life—husbands, wives, parents, children, and grandparents. He emphasizes the deep crisis that the family and marriage are undergoing in the

Western world, and says that the family is "a new mission field for the Church." He challenges families today to be witnesses to the world of love, fidelity, and service.
